DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The facade of this freestanding, 3 bay, 2½ story house is of running bond brick, the side walls of common bond. The sidewalk is paved in running bond. All the windows are six-over-six double hung with very thick stone sills. The door and first floor windows have splayed brick lintels. A narrow glass transom adorns the six pane door (whose small panels are in the center rather than at the top). The door on the left has a marble stoop with three steps on its right side. The second floor windows are immediately below 3 courses of corbeled bricks, which are just below a bracketed wood cornice. There are two chimneys against the right side wall.
